Start Seeing Art is all about finding, identifying and appreciating public art in the Twin Cities. Too often public art is ignored or forgotten. Sometimes you can't even find basic details like what the work is called or who created it. The goal of Start Seeing Art is to map and identify that artwork so it can be appreciated and enjoyed.

Start Seeing Art got its start in November 2007, but as of August 2008 the site lists more than 350 works of art in the Twin Cities area.

Visit StartSeeingArt.com to learn more about public art in the Twin Cities and to learn more about each of the works on this map.

This map was created by Start Seeing Art, a project of the Twin Cities-based company, Monkey Outta Nowhere. We do writing and editing, not graphic design, which is why this map isn't very pretty. But hopefully it is helpful and if you feel so inclined, donations are always appreciated.
